

# Gingerbread Playdough

## No Cook Recipe

*Total time is 10 minutes and yields 2 cups of dough.*

### Materials

- 1 cup flour
- 1/4 cup salt
- 2 tablespoons cream of tartar
- 1 cup water
- 2 tablespoon oil (vegetable or other)
- 2 teaspoon cinnamon
- 2 teaspoon ginger
- 1 teaspoon nutmeg
- 1/2 teaspoon cloves (a little goes a LONG way)
- Splash of vanilla extract

### Tools

- Microwave safe bowl
- Air tight container
- Mixing spoon

### Instructions

1. Mix together all of your dry ingredients (flour, salt, cream of tartar, cinnamon, ginger, nutmeg and cloves) in your mixing bowl.
2. Add one cup of water to a separate microwave safe bowl and microwave until it's boiling.
3. Add oil and vanilla extract to your water and mix around, then add the water slowly to your dry ingredients bowl, mixing continually. Don't worry about any clumps in this step, you'll be able to fix them in the next step.
4. When all the water has been added, remove from bowl onto counter, and kneed until all of the ingredients are mixed well, and it's cool enough for small hands.
5. When done playing, put all of the dough into an airtight container to keep longer.

### Notes

Cream of tartar is used as a preservative. We recommend using it, but the recipe will still work without it. Without it, we wouldn't recommend keeping the dough longer than a few days.

Although it smells amazing, it tastes awful! Don't eat it please! Always supervise children when playing with this dough. Not safe for pets to ingest.
